Astounded The Editor.

Editor S. A. Brown, of the Bennettsville, S. C., was once immensely surprised. "Through long suffering from dyspepsia," he writes, "my wife was greatly run down. She had no strength or vigor and suffered great distress from her stomach, but she tried Electric Bitters which helped her at once, and, after using four bottles, she is entirely well, can eat anything. It's a grand tonic, and its gentle laxative qualities are splendid for torpid liver. For indigestion, loss of Appetite, Stomach and Liver troubles it's a positive, guaranteed cure. Only 50 cents a S. J. Hodgkinson's Drug Store.

Harry Davis of the "Model Store" is right in line again with a new and fresh lot of "The Model" 5 cent cigar. It is superior to any cigar at that price on the Coast. Call and be convinced.

To Save Her Child.

From frightful disfigurement Mrs. Nannie Gallego, of La Grange, Ga., applied Bucklen's Arnica Salve to great sores on her head and face, and writes its quick cure exceeded all her hopes. It works wonders in Sores, Bruises, Skin Eruptions, Cut, Burns, Scalds and Piles. 25 cents. Cure guaranteed by S. J. Hodgkinson Druggist.

Dixon Brothers always have the best of meats, and if you want a Sunday roast call on them.

WEDNESDAY OCTOBER 10, 1900

THE SALE ON THE SIXTH OF NOVEMBER.

There are times when caution is required by every man who loves his family and by every American who loves his country. The Republican party has made family and country stakes in the contention of this campaign, and the people will win or lose. The power of commercialism has given the contest into the care of the Republican party, which will close in November, when the future of the republic and the future of the family will be made known. There is included in the work all an American should hold valuable in country and all he holds sacred respecting the present and future of his family.

The future of the citizen and the future of his family have been made merchandise by commercialism through the party in power. The value of the citizen's labor and the value of the labor of his children are a part of the prize which is up to be disposed of. The citizen is called upon to determine whether he will make his children free or will make them slaves. Commercialism has not only placed a value on the future of those now living, but it has placed a value on posterity. Every man, woman and child living and to live under the future jurisdiction of the United States, has been given a commercial value and they are up to be disposed of by the Republican party, and the problem is a sale or no sale on the sixth of November.

Should a sale be made and confirmed by the people, the future commercial value of the body will be in present and continued strength and earning capacity. The value of life in the body will be the value of its vitality, endurance, energy and ability to acquire for the use of trusts. The play and the sale represent in a very real sense a game at chance between a fast young man and the devil, when the young man's soul is up to be saved or lost. According to principles revealed in natural law, the values of the souls of men are largely determined by their environment—that is, by their surroundings. If the environment of the soul is low, and consequently degrading in its nature, it will be impossible to develop a pure and exalted essence in spirit life.

When principles represented by the law which commercialism impose upon the people, which includes continued toll through slavery to commerce in a commercial age, are low and degrading, the development of the souls of men may be materially effected. When the commercial and values that have been placed before the people by the party in power, as directed by the trusts, are considered in the light of legitimate consequences, there is no difficulty in arriving at a conclusion that not only the bodies but the souls of men are for sale and a commercial value is given to the souls as well as to the bodies of the people by the trusts and the Republican party.

It will be well perhaps to make a review under other lights of the real position given to the souls and bodies of the people at the November sale by the trusts and the Republican party, which review will be made subject to the law code governing commercial enterprise. There is not a law in the law code of commerce that does not represent values in money. Wherever commerce goes and whatever it does under the laws it has money as its moving medium. It may be correctly said that money is the beginning and end of commerce. Whatever is directly connected with commerce or is effected in a relative relation by it has its value in money, which being true there is no trouble presented in ascertaining that money is and will continue to be its object ever in view when directed by government.

It cannot be otherwise as it would cease to be commerce when its only object is taken from it. Having ascertained the object of commerce the whole field of commercialism in government is open to examination. There never has been and never will be another field that has given so many views of refined and heartless cruelty in government as the commercial field presents. When it is learned that it is without a body and that it has no soul, it is ascertained to be without feeling and the cause of its cruelty is made plain.

Commercialism in government has been applied to Porto Rico and its people are dying of starvation while the beautiful island on either hand presents cruelty applied in its worst form. There has been applied to the Philippines the cruelties of war which it intended shall continue to be applied to the end of time or till the lights are put out that make bright millions of lives. The object to be secured by commercialism in government by the destruction of life and the cruelties to be afterwards applied in commercial government is money.

Cruelty to the people at home will consist in the application of a system of tyranny whereby the last cent that can be secured will be taken from them without value received. It is accomplished now and will continue to be applied till the press has received the last turn the power of legalized fraud can give it and the nation is made to bleed at all of its financial pores, while the poor starve to provide millions for the trusts. The bodies of the people will be made to give up their strength and vitality to the tyrant trust while their souls will wither and lie, caused by a low standard of moral life flowing from financial slavery to commercialism.

STEWART, THE ARCH TRAITOR,

Betrayer of the State and Its Chief Industry.

IS HERE ON MISCHIEF BENT.

His Mission Is to Encompass the Defeat of Our Able Representative in Congress.

Stewart, the traitor; Stewart, the renegade; Stewart the trickster, shyster, defrauder and general all-round yellow dog, dropped into town yesterday. He brought with him his patriarchal beard, glad hand and insolent leer, but up to the hour of going to press he gave no evidence of having brought with him the coin wherewith to pay his debts. Reno is full of old Bill Stewart's creditors. He owes the man a dollar and that man a thousand. He owes a band for tooling an accompaniment to his last campaign harangues. He owes a lot of printers various amounts for setting up his speeches, and as for borrowed money that was never repaid, it sums up tremendously; yet old Bill has been drawing down a handsome salary and "emoluments" for a generation, and has had his residence in a castle. Bill Stewart will be remembered as the "champion of silver," who voted for the "crime of '73," nor will he be forgot for the honest bills he has refused to pay. May the devil take his soul!

It was disgusting to see old Bill tread majestically up and down Virginia street yesterday with Allen Bragg, Col. Maxson, Charles Wallace and the "hol polloi" of the g. o. p. following him to kiss the hem of the frock coat that old Bill's tailor was probably never paid for.

Yes, Stewart is here, and for one purpose—to defeat Newlands.

In revolutionary times the Benedict Arnolds were paid for their treason and then cast out of the society of honest men, blessed, disgraced and damned. But Bill Stewart is here, the biggest of the big in the councils of Republicanism; the pride, the boast, the honored of the g. o. p.

Luke Cataline, who haunted his courtesan before the eyes of the Roman matrons, Bill Stewart comes glorying in his shame and waves it in the faces of the honest men who chose him to the highest office in the gift of the people of the State.

This is the traitor and these are the means by which the Republican party in its last desperate straits endeavors to encompass the defeat of an honest, honorable, upright man.

A Bull by Express.

The Wells-Fargo company isn't supposed to be in the livestock transportation business, but yesterday morning as we passed the express office, we saw a yearling Jersey bull, crated up and contentedly chewing his cud. The animal is a thoroughbred, and is traveling from Pennsylvania to Bishop, Cal.

Marriage of Renoites.

J. I. Allenbach, Wells-Fargo messenger on the V. & T., and Miss Harriett Ridenour, daughter of Mr. and Mrs. D. W. Ridenour of this city, were married yesterday and left on the midnight train for San Francisco where their honeymoon will be spent. They will reside at 222 Mill street.

High School Games.

The manager of the high school football team went up to the Capital City yesterday and arranged for a game with the Carson High School team. It will be played in this city on the 20th. A game was also arranged for with Stewart Institute.

Diplomas Issued.

Prof. Wilson and Cairry have received diplomas for their X-ray exhibit at the State fair. A diploma has also been issued to the Electric Mining and Reduction Company for the best display of minerals and smelter products.

Popular Lecture.

There will be a lecture in the Methodist church Thursday evening, Oct. 11th, at 7:30, by J. Anthony Mitchell on the popular subject, "Courtship and Marriage," illustrated by word pictures. Admission, including lecture and refreshments, 30 cents.

STEWART REBUKED

Given the Glassy Eye by True Friends of the White Metal.

Yesterday afternoon United States Senator William McKimley Stewart in all his pomp and glory bore down upon a little group of old time silverites who were holding up a brick wall.

The August Personage extended his wisdom, if itching, palms and exclaimed in "silver" tones: "Gentlemen, I believe we have met before!" Half a dozen stony stares was the response.

Then the August Personage continued with slightly less exuberance: "Don't you know your old friend and Senator? My name's Stewart." With courtly dignity one of the silver men introduced his companions to their former trusted leader. There were polite bows but neither words nor handshakes and the modern Benedict Arnold meandered onward on the arm of his good friend, O. C. Wallace.
